colleges

EST. 1988

PROSPECTUS  
2017

# KIA ORA

From the traditional Maori pōwhiri to a catch-up with friends or an invitation for a homecooked meal, New Zealanders know how to open their hearts. At EDENZ, you're not a stranger or even a visitor, you're a friend. And when you study with us, our campus is your home.

Study at EDENZ and you're likely to meet students from all over the world as well as local New Zealanders. This makes a rich universal learning environment. It can lead to new cultural insights and lasting friendships as well as network connections and global career opportunities.

EDENZ<sup>NEW ZEALAND</sup>  
colleges

We are a vibrant, forward-looking education provider, respected for the high quality of our programmes. Employers actively seek out our graduates both here in New Zealand and worldwide. A unique difference about our college is that we have a large number of both domestic and international students.

The quality of our training has been formally recognised by the New Zealand Qualifications Authority (NZQA), awarding EDENZ Colleges the highest rating possible as a Category One education provider. For almost 30 years EDENZ Colleges has been educating the world for success. So whether you're a student from New Zealand or overseas, you can be sure we have the right course to realise your education and career goals.

We ensure our learning programmes are academically rigorous and closely connected with industry. Graduates of EDENZ Colleges are highly employable and sought after. We have many success stories of people who have taken their EDENZ Colleges qualifications all over the world.

## **Are you ready to be our next success story?**

Thank you for your interest in EDENZ Colleges. We are proud of our history and are dedicated to helping you build the future you want. We look forward to having you join us as a student and go on to become one of our successful alumni. Join us in a college environment that provides *Success for Life*.

**ROB SIMPSON**  
CHIEF EXECUTIVE

# ABOUT EDENZ

EDENZ Colleges is committed to offering students the highest quality education in a warm and caring environment. Having a social, practical and personal approach to student satisfaction is what sets us apart. Whatever your goal, EDENZ will equip you with skills and knowledge to help you realise your dream and make it a reality.

Are you looking for specific training in digital media, film or English language teaching? Perhaps your focus is in the innovative business world, health, technology, or you need to improve your English language skills.

One of our seven academies will cater for your needs and put you on the road to success. Our team of over 100 professional teachers and support staff have years of expertise, national and international experience as well as many industry connections.

## OUR ACADEMIES

EDENZ has seven different specialised academies with a graduation rate of at least 90% overall. We are proud to have over 1,000 students and are growing every day. Our students graduate and go on to be successful in New Zealand and around the globe.

All of our programmes are recognised by New Zealand Qualifications Authority (NZQA), including our Bachelor Degree Programmes.

# AUCKLAND

## THE CITY OF SAILS

Auckland is New Zealand's biggest and fastest growing city and with a population of 1.5 million people and counting, it is the financial and economic centre of the country.

Our people are friendly and welcoming and Auckland is New Zealand's most popular destination for international students. Situated between two natural harbours, it has all the facilities and attractions that students enjoy; world-class entertainment, shopping, restaurants, bars, galleries and convenient transport systems. Within easy reach are beautiful beaches, regional parks, vineyards, unspoilt native bush and tranquil islands. If you love adventure then New Zealand has more extreme options, like bungee jumping or a jet boat ride!

## OUR RESEARCH

EDENZ Colleges is always looking for ways to nurture and develop an enriching, connected and ethical research environment that supports *Success for Life*. Many of our faculty are involved in research and are experts in cutting-edge practices. It also means that we always equip our students with the latest knowledge and give them access to experts in their fields.

We view research as being concerned primarily with the generation of new knowledge and understanding. Research, as defined by the Tertiary Education Commission is "an original investigation undertaken to gain knowledge and understanding". Such new knowledge and understanding, when applied ethically, is instrumental in creating and enhancing society's wellbeing in general and enhancing the academic experience for our students.

Our research ethics derive from the values and moral philosophies of our college, staff and students. All staff and students adhere to and refine their own personal ethical convictions while simultaneously embracing the values of the organisation: wisdom, passion and connectedness.

## OUR DEGREES

Degree students study core papers in Philosophy, Psychology, Sociology and Media alongside each other.

This integrative approach to learning focuses on developing innovative graduates who will have great people skills not just technical or theoretical knowledge. CEO Rob Simpson says:

*"Graduates will know themselves, know others and be able to create long-term meaningful solutions for people."*

Our graduates are prepared for successful and fulfilling careers in an ever-changing world, opening up new global opportunities and formal recognition from New Zealand authorities.

## OUR CAMPUSES

Our Auckland city campuses are in the heart of the Central Business District (CBD) located amongst the universities. Students have access to a spacious on-site café, library and a suite of computer labs and student common rooms. Classrooms are spacious and equipped with modern educational facilities.

All students have access to the wealth of resource in our library, including more than 6,500 books and periodicals, non-book material such as DVDs, e-books, and various electronic databases. Computers with internet access are available to all students, either in one of our self-directed learning centres or our library.

# CAREER SERVICES

At EDENZ Colleges, we have trained, experienced and caring career support staff to assist students with their career journey. There are a wide range of career services available to students from the time they arrive, right through to beyond graduation.

We understand and appreciate that students wish to support themselves during their studies. To assist students with this, we have a Career Notice Board with job postings direct from employers and up to date vacancies from various websites. Career Services are also able to provide exclusive part-time and full-time job leads directly to students who have registered as job seekers.

Students will participate in interactive career training during their studies on CV writing, cover letter writing, job search, interviews and online branding. During these classes, students will have the opportunity to prepare their CV and a cover letter as well as practise their interview skills.

Career Services work across all of the faculties to create industry connections, job leads, industry visits as well as finding guest speakers and advisory board members.

Students are invited to additional fairs and career events throughout the year that can assist them to build their career. Should students wish to have one to one meetings with a Career Counsellor, this can be arranged by emailing [careerservices@edenz.ac.nz](mailto:careerservices@edenz.ac.nz).

## JANETTE SMITH

EDENZ CAREER SERVICES MANAGER

Janette is the Career Services Manager for EDENZ Colleges and is responsible for the ongoing development and co-ordination of the careers education of all EDENZ students.

Janette has over eleven years experience working in career services and vocational rehabilitation programmes. She holds a Graduate Certificate and Diploma in Career Development.

She is passionate about seeing students succeed while they are studying and beyond into their future careers. Janette's connections in the New Zealand job market and the support she provides our students are invaluable.

# nzenGLISHacademy

Our English language classes help you settle into New Zealand and provide you with skills to build your confidence as an effective English communicator. We want to inspire you with the English language, involve you in activities and help you to become a more self-directed and independent learner. Our experienced teachers are dedicated to helping every student reach their goals.

When you arrive at EDENZ, you will sit an English language placement test. This test determines which level and associated class you will attend. EDENZ Colleges is accredited to deliver all levels of English Language and can cater for your individual needs.

RECOGNISED  
COURSES

FULLY  
EQUIPPED  
LIBRARY

ACADEMIC  
PATHWAYS

## GENERAL ENGLISH

1-100  
Weeks

English language classes are a great way to help you settle into life in New Zealand. We provide you with the key skills to build your confidence as an effective English communicator.

Whether you're here for a short time or you need to improve your English skills to find a job, a General English class will help you achieve your goals. Before you start class you'll be given a short placement test to determine your English ability level. Once you have the result you will be placed in the appropriate level, from Beginner to Advanced. Intakes occur every Monday.

## NEW ZEALAND CERTIFICATE IN ENGLISH LANGUAGE (Level 3 - 5)

16  
Weeks

These programmes are intended for learners keen to move into the New Zealand workforce or further study. The programmes aim to provide graduates with the skills to communicate effectively in the required context, including academic and professional settings.

Note: These programmes are at a level comparable to the Common European Framework of Reference (CEFR).

## IELTS PREPARATION

1-100  
Weeks

IELTS is the International English Language Testing System, and provides you with an internationally accepted proof of English ability. Our IELTS Preparation programme helps you achieve the score you need to reach your next study goal. This includes regular practice tests, fine-tuning your exam technique, working on core skills and weaknesses and increasing accuracy.

For further information on these courses, including entry requirements, intake dates and prices, see:

## CERTIFICATE IN TESOL FROM EDENZ (NZQA LEVEL 4)

5-15  
Weeks

A TESOL Certificate provides you with the skills to teach English to students whose first language is not English. This course, approved by New Zealand Qualifications Authority (NZQA), is more suitable to non-native speakers whose English language level is not up to the advanced level necessary to enrol in the Trinity Certificate.

Both Certificate courses share most of the input lessons, but the Assignment requirement and Teaching Practices differ.

## TRINITY CERTIFICATE IN TESOL (ALIGNED NZQA LEVEL 5)

5-15  
Weeks

This course is an initial teaching qualification for English speakers (native or non-native) who wish to teach English to Speakers of Other Languages. Training delivery will predominantly be face-to-face. Students receive a combination of theory, practice, and observation.

Delivery methods may include classroom discussion, seminars, role-plays and one-on-one guidance.

## DIPLOMA IN TESOL FROM EDENZ (NZQA LEVEL 7)

36  
Weeks

The Diploma in TESOL is designed for English teachers (native or non-native) who wish to deepen their theoretical study of TESOL methodologies and Linguistics. Training delivery will predominantly be face-to-face. Students receive a combination of theory, practice, and observation.

Delivery methods may include classroom discussion, seminars, role-plays and one-on-one guidance.

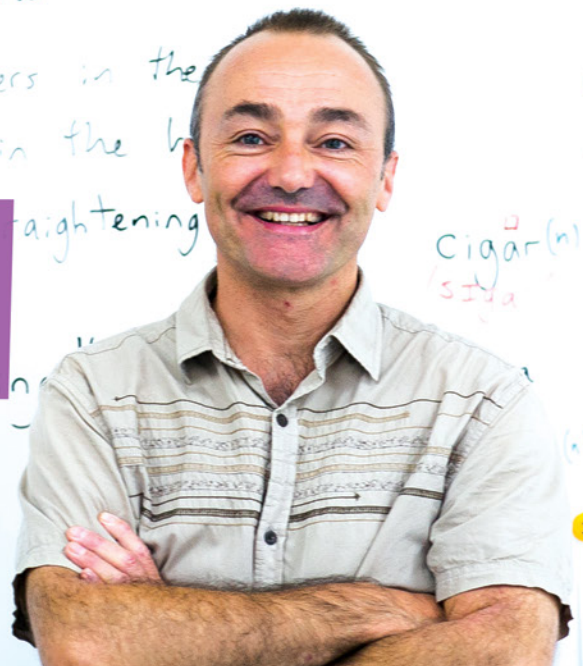

For further information on these courses, including entry requirements, intake dates and prices, see:

**"YOU WILL NOT ONLY EDUCATE AND EMPOWER OTHERS, BUT OPEN UP TO A REALM OF OPPORTUNITIES."**

MIKE CURRIE  
HEAD OF  
NZ TESOL ACADEMY

**SUJIN**

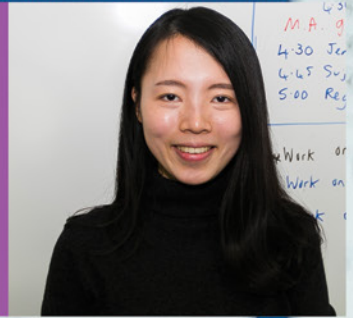

South Korea  
TESOL Certificate

*“ My classmates and the tutors were really willing to help me whenever I needed something.*

*I got to teach various types of students here and I enjoyed the class. It was a valuable experience and now I know how to make material for my classes.*

*NZ TESOL Academy gave me a chance to find my career again, not only as a teacher but in other relevant career paths as well.*

*”*

**HUGO**

Chile  
TESOL Diploma

*“ When I arrived at EDENZ to do the Diploma, it wasn't just because I wanted to improve for myself, but I wanted to be a better teacher in Chile. When I'm finished here I can say I have a diploma from New Zealand and it's going to be easier for me to get a teacher's position just because of that.*

*Everybody has been very helpful, and we also have fun. They have helped me to get accustomed to everything here.*

*”*

# nzbusinessacademy

For over a decade NZ Business Academy has successfully educated and developed business leaders. Our Diploma and Bachelor qualifications offer a modern educational experience immersing students in the diverse and rewarding environment of business in New Zealand.

Our experienced academic staff introduce students to the latest theoretical knowledge supported by practical examples. Guest speakers bring New Zealand businesses into the lecture halls and directly to our students. This is an opportunity to start a career journey leading to success for life.

CONNECTEDNESS

DIVERSITY

INNOVATION

## NEW ZEALAND DIPLOMA IN BUSINESS (LEVEL 5 & LEVEL 6)

32  
Weeks

These qualifications are the result of extensive consultations with industry leaders all across New Zealand, and are designed as a foundation for business. They give students a broad range of knowledge and practical skills crucial for employment in New Zealand or anywhere else in the world.

Practical tasks and immersive academic studies prepare students to be successful in their careers and connect them with potential employers or set them on the path to further studies. This is a perfect start for your business education and a valuable experience that will give you the practical skills and knowledge to become a leader.

## DIPLOMA IN BUSINESS (LEVEL 7)

32  
Weeks

The Diploma in Business (Level 7) (DipBus7) provides career-minded students with a robust understanding of management theory and practice within commercial and non-commercial environments.

On completion our graduates are prepared to start their own businesses, become entrepreneurs, leaders, and managers in New Zealand or anywhere else in the world. We help students shape their passion into sustainable and practical business ideas that can make a real impact on their lives. It is also an opportunity to go into postgraduate studies.

## BACHELOR OF APPLIED MANAGEMENT

3  
Years

To be effective in business, you need more than just knowledge. Great business leaders require personal and emotional intelligence to be able to work with others so they can achieve great outcomes.

Our unique Bachelor's Degree develops people-centered leaders and managers; while ensuring the organisation remains sustainable, financially viable and profitable. Our graduates are defined by their holistic understanding and decision-making in their approach to business, society and community.

"A BUSINESS THAT IS ONLY MAKING MONEY CAN'T SUCCEED. IT SHOULD BE MAKING A DIFFERENCE."

YURY ZHUKOV  
HEAD OF  
NZ BUSINESS ACADEMY

## PAMELA

Brazil  
Diploma in Business Level 7

“ All the staff, teachers and tutors are ready to listen to you and help you when you need them. Before I graduated from the NZ Business Academy I was already working in a good company, using all the knowledge I gained during my course.”

## THERESE

Business Student

“ It has prepared us for the future because we can say that we can work under pressure and we are still able to manage ourselves given whatever constraints might be presented to us.”

## RAPHAEL

Business Student

“ It was incredible. I think this feeling of being afraid and happy at the same time is amazing.”

## REYMON

Business Student

“ We are future entrepreneurs or business people and it helped us a lot in practising what we're going to do in the future. I really like how EDENZ gives us hands on ideas and work that prepares us for the future.”

Students at the NZ Business Academy had the opportunity to be involved in developing a business idea to present to their peers. The top ten students presented this at the NZ Business Academy Shark Tank. On the judging panel was a team of highly successful business people. The judges put money on business ideas they considered viable. Pictured are some of the members from the top three winning teams sharing their enjoyable experiences with Shark Tank.

# nzfilmacademy

PRACTICAL  
COURSES

INDUSTRY  
BASED  
LECTURERS

WORK IN  
A CREATIVE  
TEAM

The NZ Film Academy (NZFA) is run by seasoned professionals with active careers and real industry experience. Our courses expose you to all aspects of production from understanding the visual art of storytelling to the intricacies of mastering professional equipment and the reality of production processes.

As a student of the NZFA short course you will learn about what makes a good story. You will learn to work in a group - how to contribute - and where to compromise. You will have a very good idea of what it takes to make a movie.

As a degree graduate, you will be a story teller, a critical thinker and an originator. The key is, either way, you will learn how to become a valuable film maker. Graduate here and gain a massive boost to your knowledge and skillset. Take what you have learned and start building an exciting career in the film industry.

## CERTIFICATE IN APPLIED FILM AND TELEVISION PRODUCTION (LEVEL 4)

16  
Weeks

The Certificate in Applied Film & Television Production provides career-minded students with the confidence and knowledge to make their own short films and to make an informed decision on a career path in the film and television industry.

Training delivery is predominantly face-to-face and delivery methods may include classroom discussion, group activities, tutor guided projects, lectures, and self directed learning.

## BACHELOR OF APPLIED ARTS (FILM PRODUCTION)

3  
Years

This qualification is designed for learners wishing to create collaborative solutions for people in the Film Production discipline. It is learner-centred and offers the ability for students to construct their own understanding of theory and practice from a uniquely personal perspective.

The qualification aims to meet contemporary and future workplace demands of employers and industries. These entities require flexible problem solvers who can lead, manage and collaborate in order to create people-centred solutions that have a positive impact on people and communities whilst remaining sustainable, financially viable and profitable.

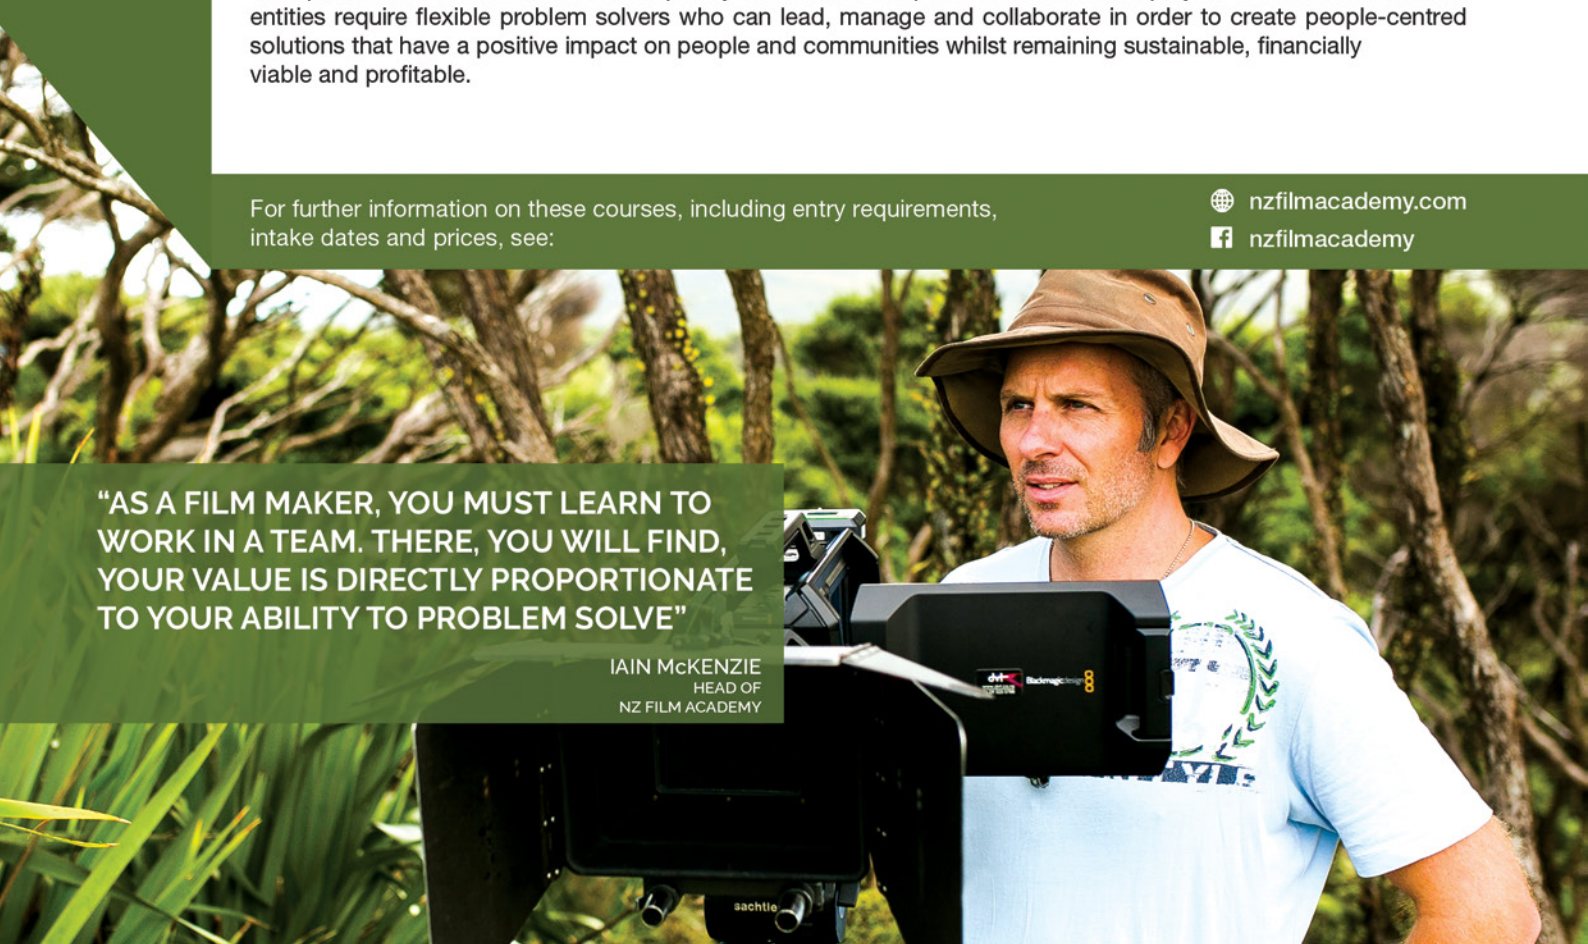

For further information on these courses, including entry requirements, intake dates and prices, see:

Certificate in Applied Film & TV Production Level 4

“

*I enjoyed the creative freedom that came with each assignment. That freedom was backed up by a strong theoretical foundation, and our lecturers provided us with good direction for our creative ideas.*

*Small classes allowed for a lot of one-to-one time with the tutors, who were always available to help.*

”

New Zealand

Certificate in Applied Film & TV Production Level 4

“

*My favourite part of the course was definitely meeting so many talented people within the industry that I can now call friends. Also, some great stories came from being on set!*

*My education with NZFA will definitely help with my real-world career, in and out of the film industry. It taught me how to communicate as a team, have a strong work ethic, network and make connections inside the industry and it was a whole lot of fun.*

”

# nzdigitalmediaacademy

HANDS ON

PROFESSIONAL  
INDUSTRY  
LECTURERS

INTENSIVE  
LEARNING

Our NZ Digital Media Academy (NZDMA) aims to make you the best in your field, something recognised by industry as the NZDMA has maintained an impressive graduate employment rate. Our students learn the complete production processes, from concept to final output. In addition to learning the latest skills and techniques, our students train with the latest cutting-edge software. We have a strong relationship with animation and creative professionals including a close and unique relationship with Huhu Studios (Snells Beach, Guangzhou, Beijing & Taipei).

Visits from industry guest speakers provide insight into the latest trends, encouragement to higher success and feedback on student's work.

## DIPLOMA IN 3D ANIMATION (LEVEL 6)

38  
Weeks

The aim of this qualification is to build the skills necessary to enter the digital media industry. Students will develop a strong foundation in various areas of computer graphics content creation, including animation, 3D graphics, post production and asset development.

The Diploma in 3D Animation provides foundational skills in 3D Animation and the basis for entry into further study.

## DIPLOMA IN ADVANCED 3D ANIMATION (LEVEL 7)

38  
Weeks

The aim of this qualification is to provide students with the advanced skills necessary to be successful in the digital content industry. Students will have developed advanced skills in 3D animation to work in a variety of areas such as animation film production, advertising production or television content production.

The Diploma in 3D Animation provides advanced skills in 3D animation for entry into the industry or further study.

## BACHELOR OF APPLIED ARTS (DIGITAL MEDIA PRODUCTION)

3  
Years

This qualification is learner-centred and offers the ability for students to construct their own understanding of theory and practice from a uniquely personal perspective.

The qualification aims to meet contemporary and future workplace demands of employers and industries.

These entities require flexible problem solvers who can lead, manage and collaborate in order to create people-centred solutions that have positive impacts on people and communities whilst remaining sustainable, and profitable.

"AT EDENZ WE HAVE A STRONG GROUP OF ARTISTS THAT DEDICATE THEIR TIME AND EFFORT INTO CREATING A UNIQUE EXPERIENCE IN EDUCATION, GETTING OUR STUDENTS READY FOR AN INDUSTRY THAT IT'S BUILT UPON TALENT, HARD WORK AND GROUP EFFORT."

MANUEL PINA  
HEAD OF  
NZ DIGITAL MEDIA ACADEMY

**ELMO**

New Zealand  
Diploma in Advanced 3D Animation (Level 7)

“  
Being around like minded people is  
always a great confidence booster and  
was fantastic to have while I was at NZ  
Digital Media Academy. You'll always  
end up making a couple great friends  
during your time in the course.”

**ERIC**

China  
Diploma in Advanced 3D Animation (Level 7)

“  
My favourite thing from my study would be the team project we worked on at the end of the  
term, it's so great to get some experience before you enter work in the industry.

We worked as a team and did our best to solve problems with the same goal in mind. And  
that's exactly what a studio would look for, so it added great value in my job hunting.”

# nztechnologyacademy

UNLOCK  
YOUR  
POTENTIAL

NOT JUST  
CODING

INNOVATIVE  
LEARNING

NZ Technology Academy specialises in preparing students for employment as software developers, a profession that is in high demand throughout the world. Our staff are excellent facilitators of learning and help each student achieve their best. They not only gain valuable knowledge and skills, but also develop their communication and various other soft skills.

Students will engage with, and learn from, each other, staff, as well as from industry experts. The NZ Technology Academy also collaborates closely with industry partners by having regular visits from industry speakers as well as students working in industry placements.

## DIPLOMA IN SOFTWARE DEVELOPMENT (LEVEL 7)

32  
Weeks

The Diploma in Software Development provides career-minded students with practical hands-on software development in modern application programming, resulting in highly-tuned technical capabilities.

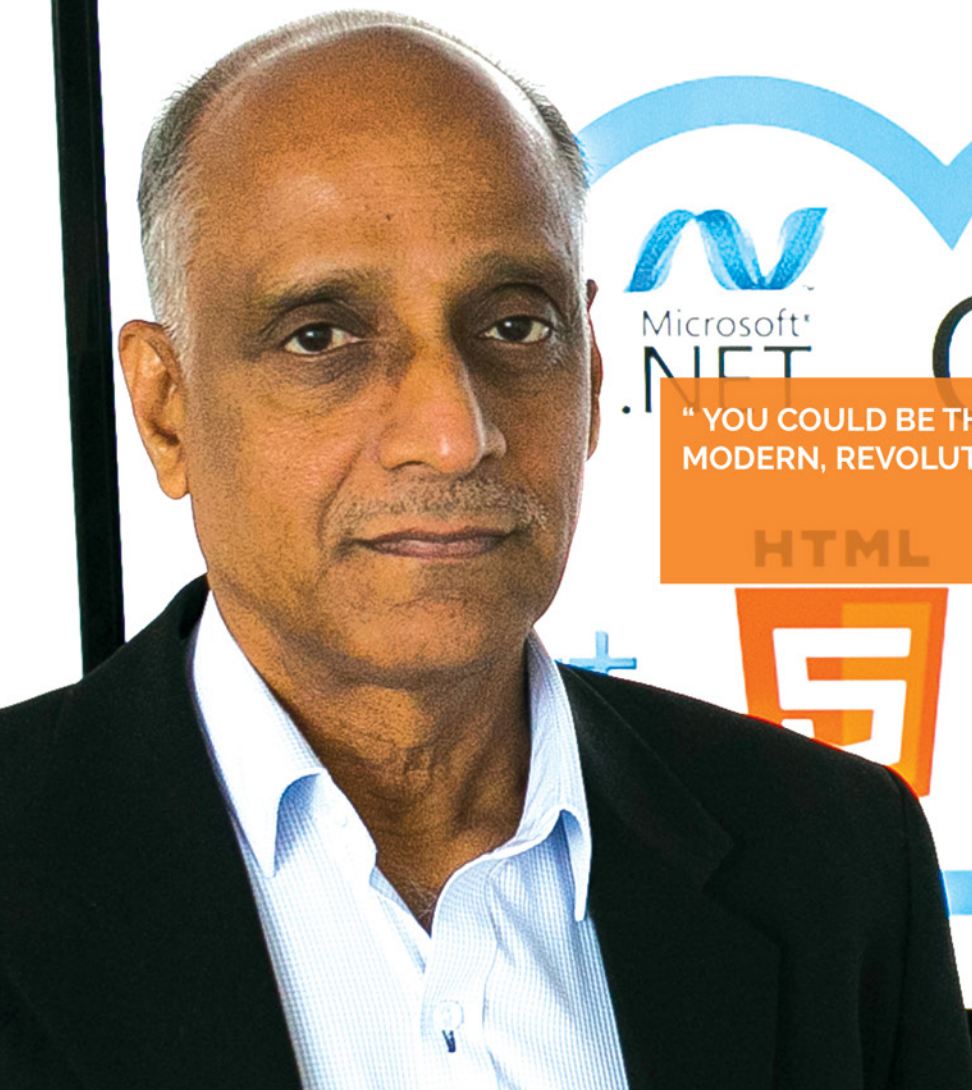

In the first two terms, students study Cloud Software Development, Desktop Software Development, Mobile Software Development and Web Application Development and in the last two terms they undertake a Capstone Project in an area of their choice. Students often do these Capstone Projects in industry.

On completion, graduates are well prepared for lucrative roles in the software development industry.

Diploma in Software Development Level 7

*“I’ve opened up a new programming world at NZ Technology Academy and I’ve started to use lots of programming languages, frameworks and deploying applications to the cloud. It’s an amazing new experience for me.*

*The NZ Technology Academy helped us students to get an internship with a real start-up game company. It’s a great thing to be involved in and we get to make some games and applications for a great amount of people.*”

**MARIA & JOSE**

Colombia

Diploma in Software Development Level 7

Maria and Jose are a married couple, originally from Colombia. They both have backgrounds working in software development and wanted to improve their technical skills while learning more about the New Zealand IT industry by studying at the NZ Technology Academy. When asked about studying together they say:

*“It’s great to be able to support each other and we can learn from each other’s experience.”*

One of Jose and Maria’s favourite things is the connection between EDENZ and the NZ IT industry. They are both involved in an internship opportunity they got through EDENZ where they are developing real games for the public.

*“They care about your ambition, your future and what you can do. It’s exciting to think about what you can do in the future with the knowledge you’ve gained here.”*

# nzhealthacademy

EDENZ Colleges is proud to present our NZ Health Academy. We have a long history of training successful business leaders with Health strands included in our Business courses. It was only natural that we grew in this area to offer a Diploma in Management (Healthcare) Level 7. We are excited to continue expanding in the area of Health and aim to offer more qualifications in the future.

Our Diploma is aimed towards health graduates moving into careers in Healthcare Management. It is also for current health professionals working in a management, policy or analysis role who wish to gain advanced knowledge and skills in the management of healthcare facilities.

Our students will receive innovative training delivered by our experienced and knowledgeable academic staff and real life experience in NZ-based scenarios and situations. It will enable students to work effectively as managers in contexts relevant to their previous experience and qualifications.

## DIPLOMA IN MANAGEMENT (HEALTHCARE) (LEVEL 7)

32  
Weeks

The Diploma in Management (Healthcare) (Level 7) targets learners wishing to develop leadership and management skills supporting their existing healthcare knowledge and skills.

This diploma will provide healthcare providers with graduates who have this skills and knowledge to manage and lead organisations or an organisational unit. Graduates will be equipped for effective management and leadership of healthcare units leading to increased productivity.

The aim of this qualification is to:

1. Produce highly-valued and in-demand graduates with national and international appeal, capable of integrating knowledge and skills in applied ways.
2. Provide opportunities and capabilities to enable further academic and vocational study.
3. Produce graduates who exhibit ethical, responsible and sustainable professional attributes who are aware of the needs of communities including Maori.
4. Create opportunities for graduates to develop inquiring, critical, analytical, reflective, and independent modes of thinking as well as explore areas of individual interest.
